

Hydrotherapy Tubzz

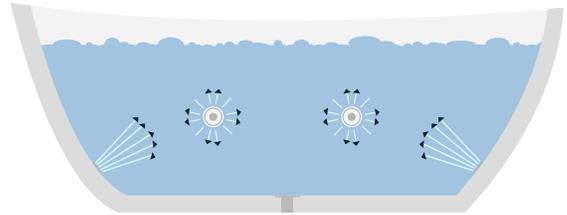

CHOOSE THE RIGHT TUB FOR YOUR NEEDS

Water Systems

Water Flow - The perfect relaxation tub
SOFT AND SOOTHING

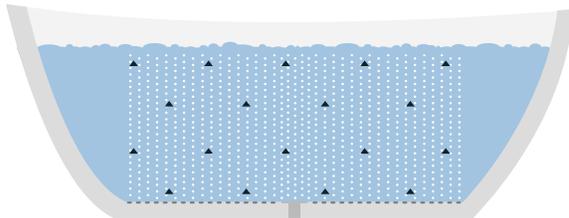

Let a delicate stream of water gently caress your body as you slip into a **Water Flow** hydrotherapy session. A soft rush of water quietly flows around you, providing peace and relaxation through the comforting sounds of a trickling stream. This system includes our Syllent Pump, a green energy heating system.

Jet Flow - The perfect massage tub
VIGOROUS AND FOCUSED

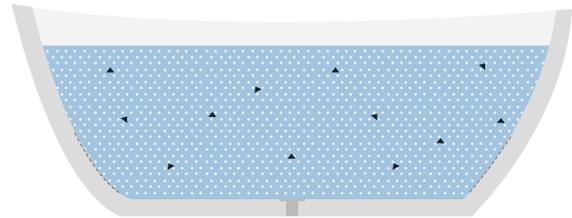

For deeper relaxation, our **Jet Flow** tub uses firm water pressure to massage aches and pains from your body. This traditional jetted-tub uses larger jets to vigorously circulate the water while massaging the body. Our in-line heater can be added to our jet flow system to create a more customized experience.

Air Systems

Air Flow - The perfect aromatherapy tub
SOFT AND SOOTHING

Create an at-home spa experience by pairing our gentle **Air Flow** system with essential oils. Perfectly designed for the use of aromatherapy, our air flow system is sure to create a serene experience with customizable pressure settings and your choice of essential oils. This system uses warm air to prolong the water temperature for a better bathing experience. Gentler settings are available.

Micro Flow - The perfect bubble-bath tub
SOFT AND SOOTHING

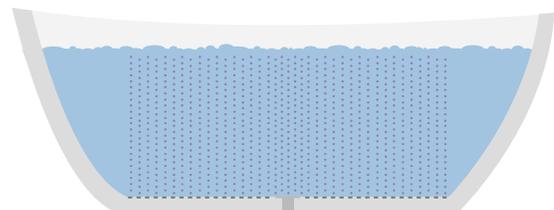

Let billions of tiny bubbles gently exfoliate and prime your skin with our micro flow system. Our **Micro Flow** system creates the perfect amount of bubbles that rest gently on the surface of the water. Say goodbye to expensive bubble baths and say hello to our luxurious micro flow system. This system maintains the water's temperature so that you can relax longer in the bath.

Upgrades

Chromaflow

Entreat your senses with Chromaflow therapy. The use of soft colored LED light stimulates the senses and provides deeper relaxation. Paired with the aromatherapy upgrade, Chromaflow will enhance the effect of the essential oils to create a serene or invigorating experience.

Aromatherapy

Indulge in the sweet serenity of Doterra essential oils. Our aromatherapy upgrade enhances the bathing experience by using customizable essential oil blends to attend to your specific needs as they flow through either the air or jet systems.
